

Directed Reading Program presentations II

Several Undergraduates
Emory University

Abstract: Join us to celebrate the conclusion of the Spring 2022 Directed Reading Program! Students will give short presentations on what they learned, covering a wide range of topics in pure and applied mathematics.

Speakers and topics for part II:

1. Michael Liu, *Percolation theory* (Mentor: Alexander C.)
2. Catherine Baker, *Numerical analysis* (Mentor: Riti)
3. Judy Hao, *Partial differential equations* (Mentor: Ben)
4. Cecilia Garcia and Siwei Xu, *Computational algebra* (Mentor: Alex D.)

Thursday, April 21, 2022, 2:30 pm
Psychology and Interdisciplinary Sciences Building: PAIS 280 (tentative)
