*Dr. Screencast or How I Learned to Stop Worrying and Love
Making Videos*

Michael Santana
Grand Valley State University

Abstract: As the animated movie, *An American Tail*, once said "Never say never". In 2013, I swore I would never use videos in my classroom, and now 10 years later, I am one of the most prolific screencast creators at Grand Valley State University. In this talk, I'll briefly discuss my journey from hating the idea of videos to where I am now, and I hope to give a lot of different ideas on how to use videos in and out of the classroom.
